**Impact concussion testing** must be completed on-line - Here is the information to give your team in order for them to take the Impact test without needing a direct link to their email from the EHS Trainer Jaxon. This test must be performed on a laptop/desktop with a working track-pad/mouse (their school-issued Chrome-books work best!) Please inform them that there is a time limit to each test, but if they are performing each step properly and doing the test in a quiet, distraction-free environment they shouldn't come across any problems.

**URL- [impacttestonline.com/testing](http://impacttestonline.com/testing) / Code- XY2TY25U8Q**

They will be asked to answer a few questions about their personal information, give them the following instructions. Skip all personal addresses and education portions. Complete all Sport and Health/Medical History Questions to best of ability.

After they finish the test, they are not required to turn in any sort of Impact Test Confirmation. Jaxon can see all the new test results on my end and will upload them to their Home Campus account as they come in.

Once your athlete has turned in the physical, completed [www.homecampus.com](http://www.homecampus.com), turned in payments, and completed the impact testing online you will get a confirmation email.

If you have any questions, feel free to have your athlete email Jaxon or find him in his office during lunch or 6th period.
